## **Our Vision And Mission**

"A Spirit with a vision is a dream with a mission"

### **Our Vision**

To create a center for imparting technical education of international standards and to equip the students with appropriate attitude, knowledge and skills for their chosen vocation and inculcate values required for the dynamic corporate environment.

### **Our Mission**

Our endeavor is the attainment of holistic development of an individual through academic excellence and professional competence, personal, inter-personal and social skills, having capacity to provide innovative and effective contribution to its employer organization compatible with our national aspirations.

To create an understanding and regard amongst our students for human values, pride in their heritage and culture besides a keen sense of right and wrong.
